

DTF DESKTOP PRINTING SOLUTION

Let printing break through scene limitations *Hanrun paper*[®]

DK A-30 DTF PRINTER

- 1 XP600 Print head
- Easy to get started
- Low risk and low investment
- Wide application range
- Easy to maintain and easy to use

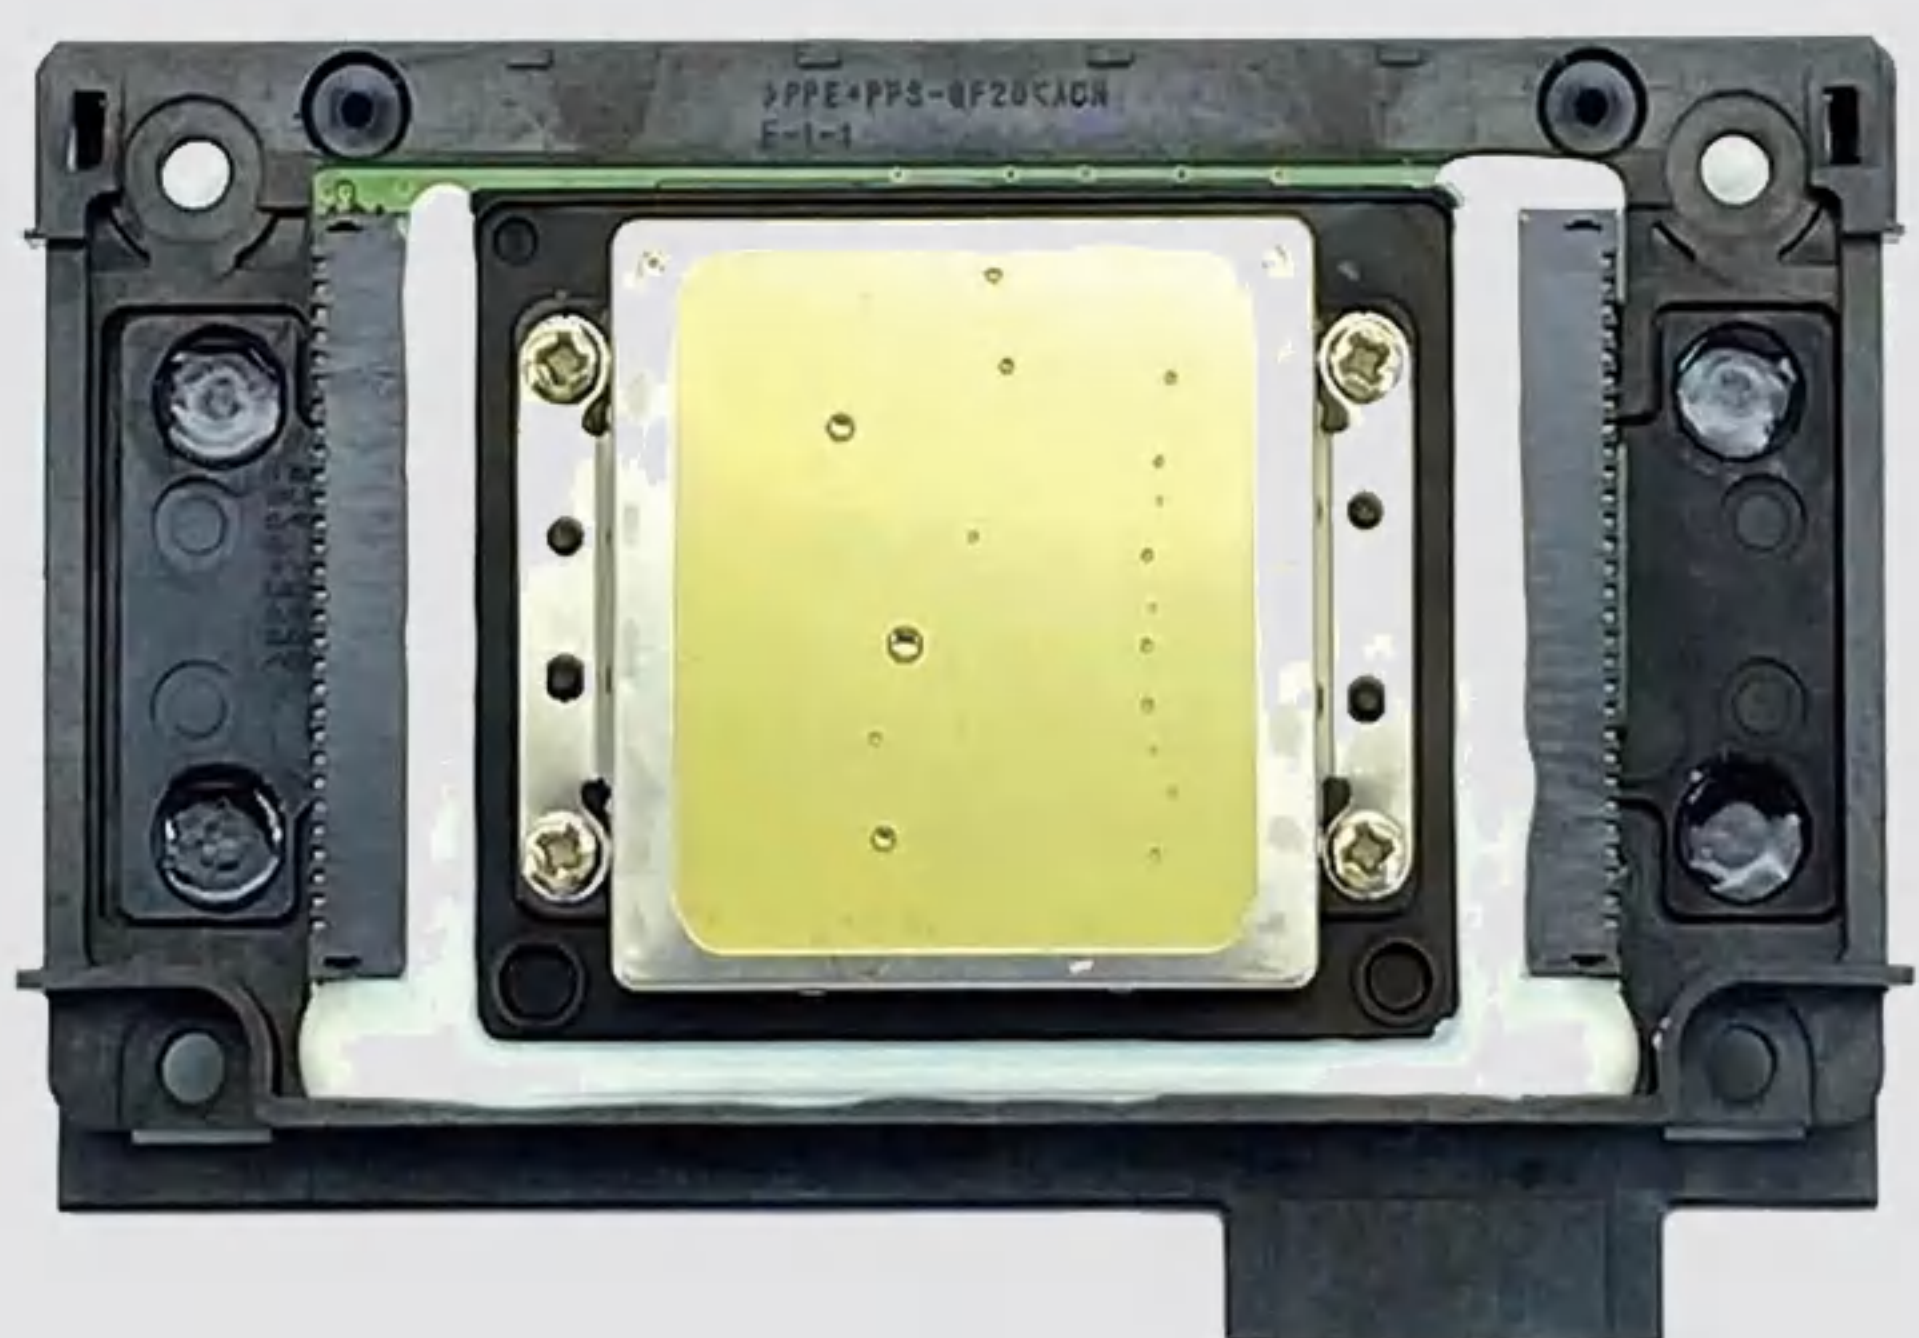

DK F-2938 HEAT PRESS

- Creative, stylish and simple design
- Efficient and energy saving
- Easy to operate, suitable for anyone
- High security
- Light and small, very portable

Hanrun paper DK A-30 Desktop DTF Printer fits on your desktop, making it ideal for use in home businesses, small offices, retail spaces and classroom settings. Empowering small batch customized production and reducing input costs. It's easy for anyone — even those with no prior experience — to print vibrant and detailed graphics on a wide range of objects. Welcome to a new world of creative possibilities.

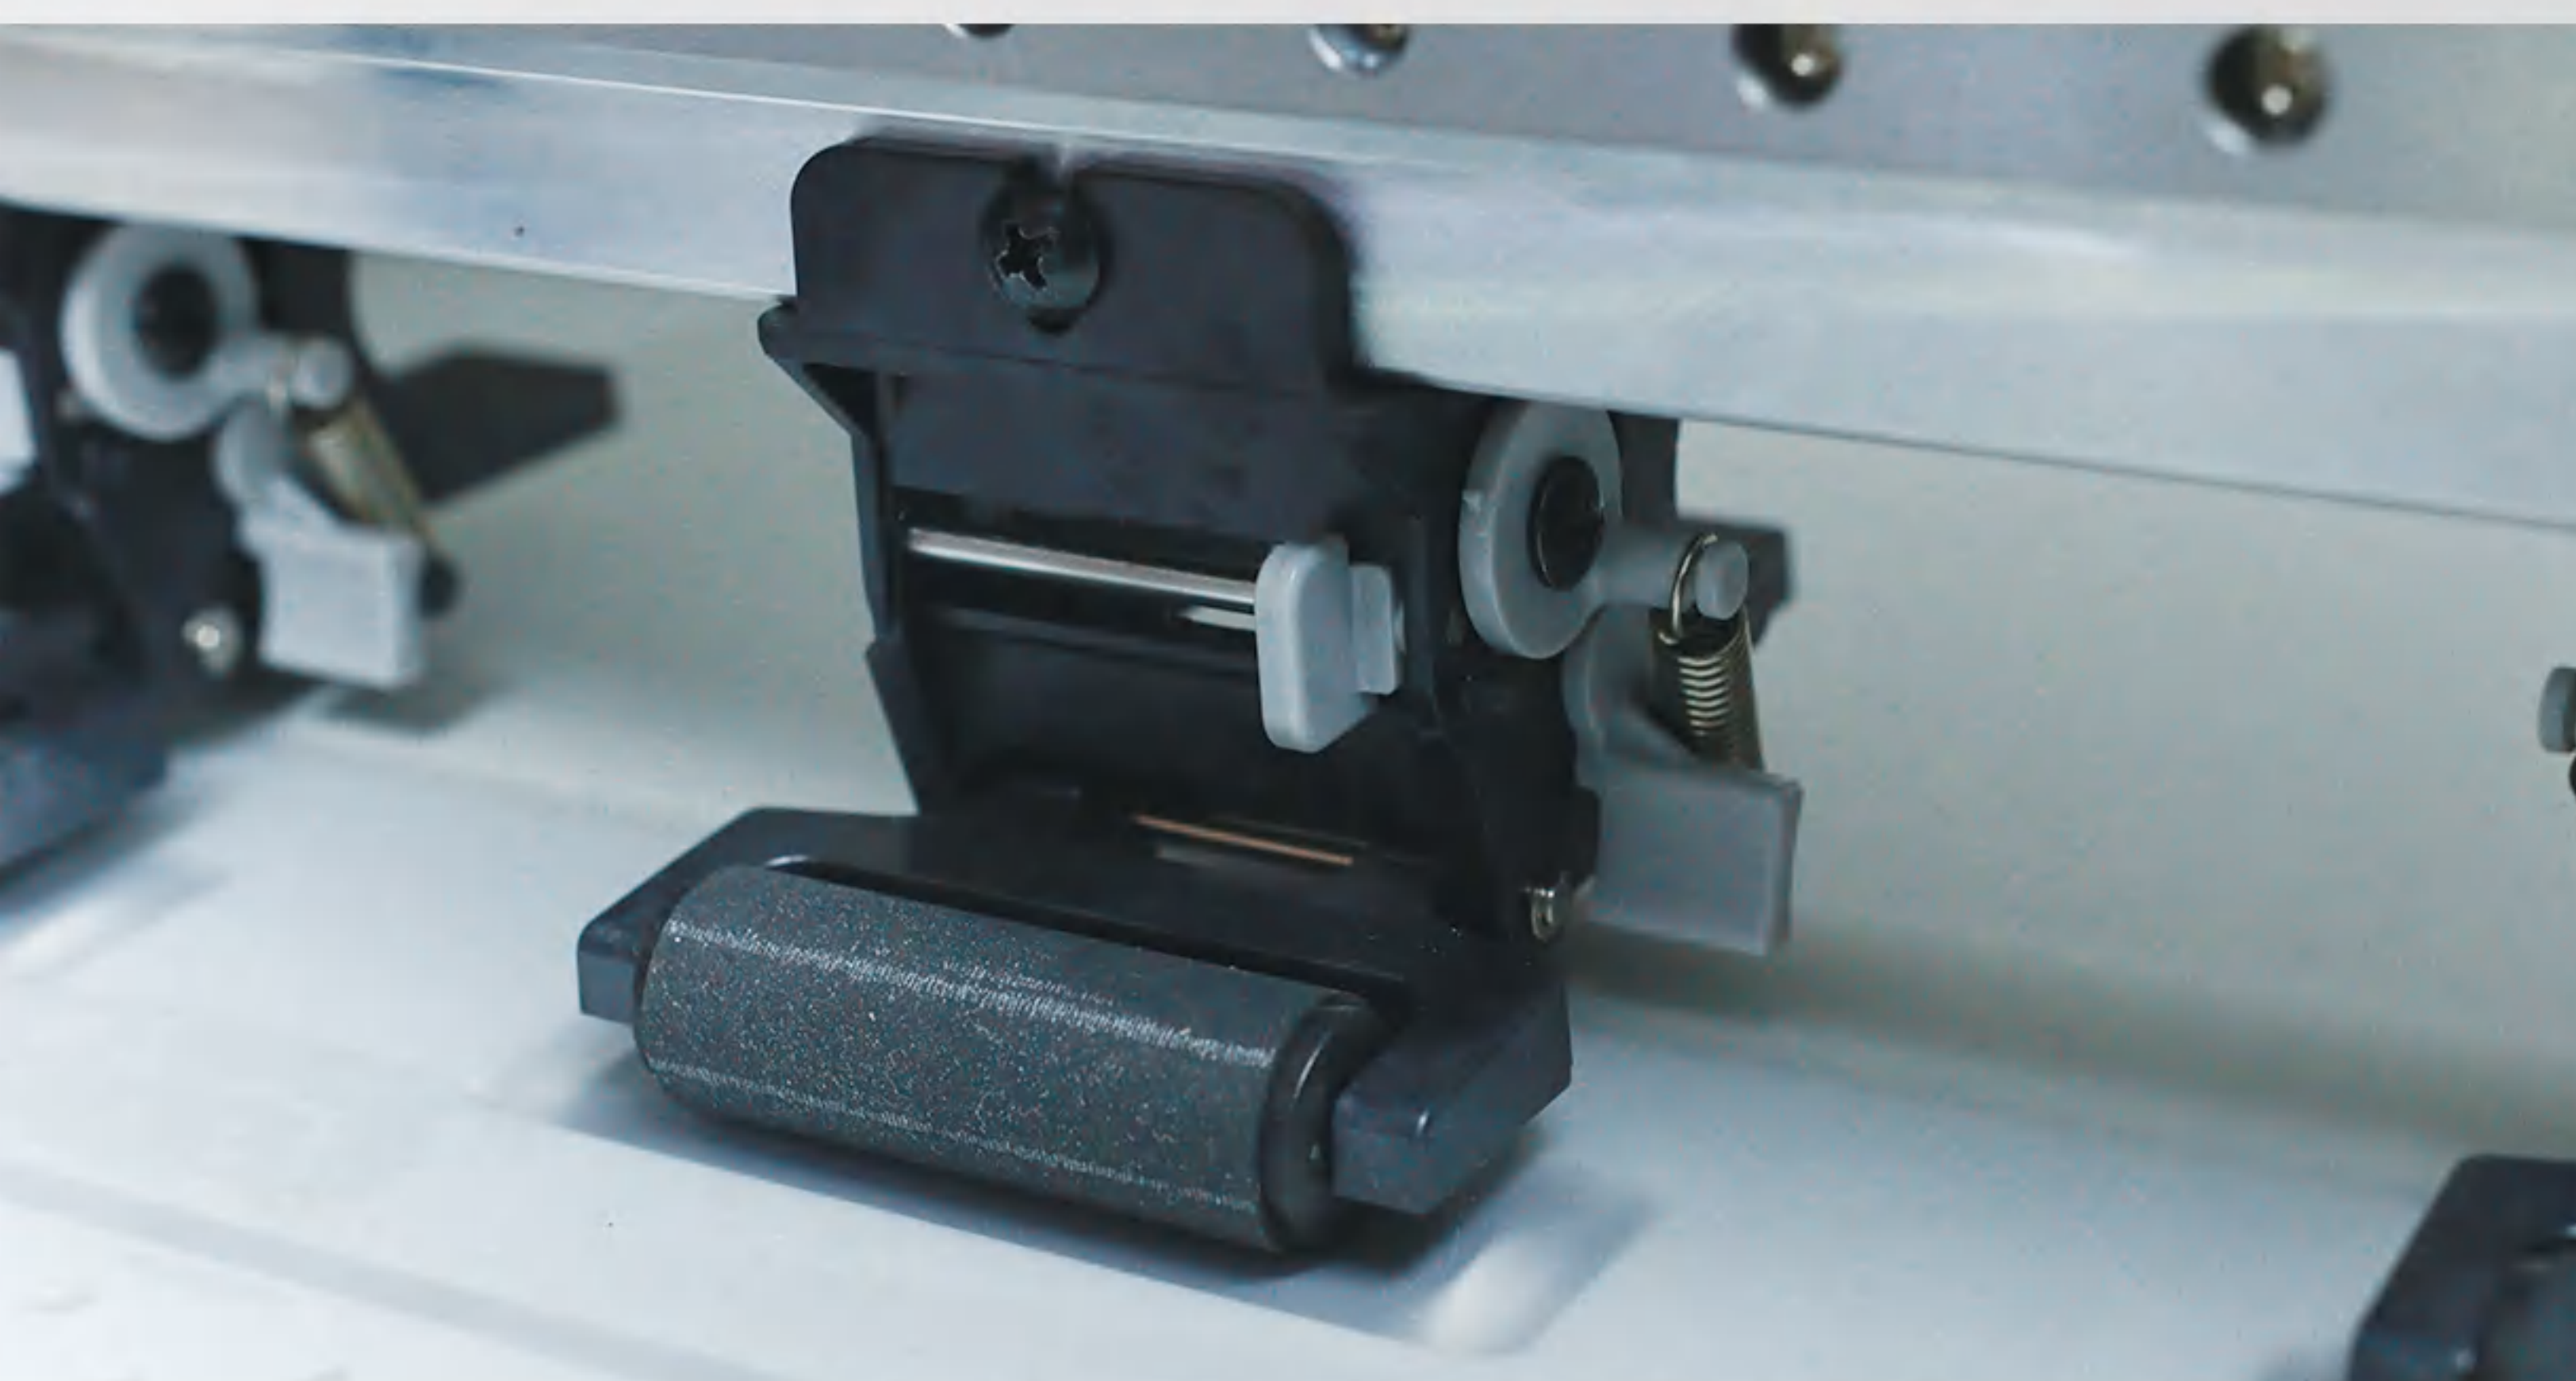

1- XP600 Printhead

Much lower maintain costs and fast print speed

2- White ink stir system

Prevent white ink precipitation and extend the service life of the print head

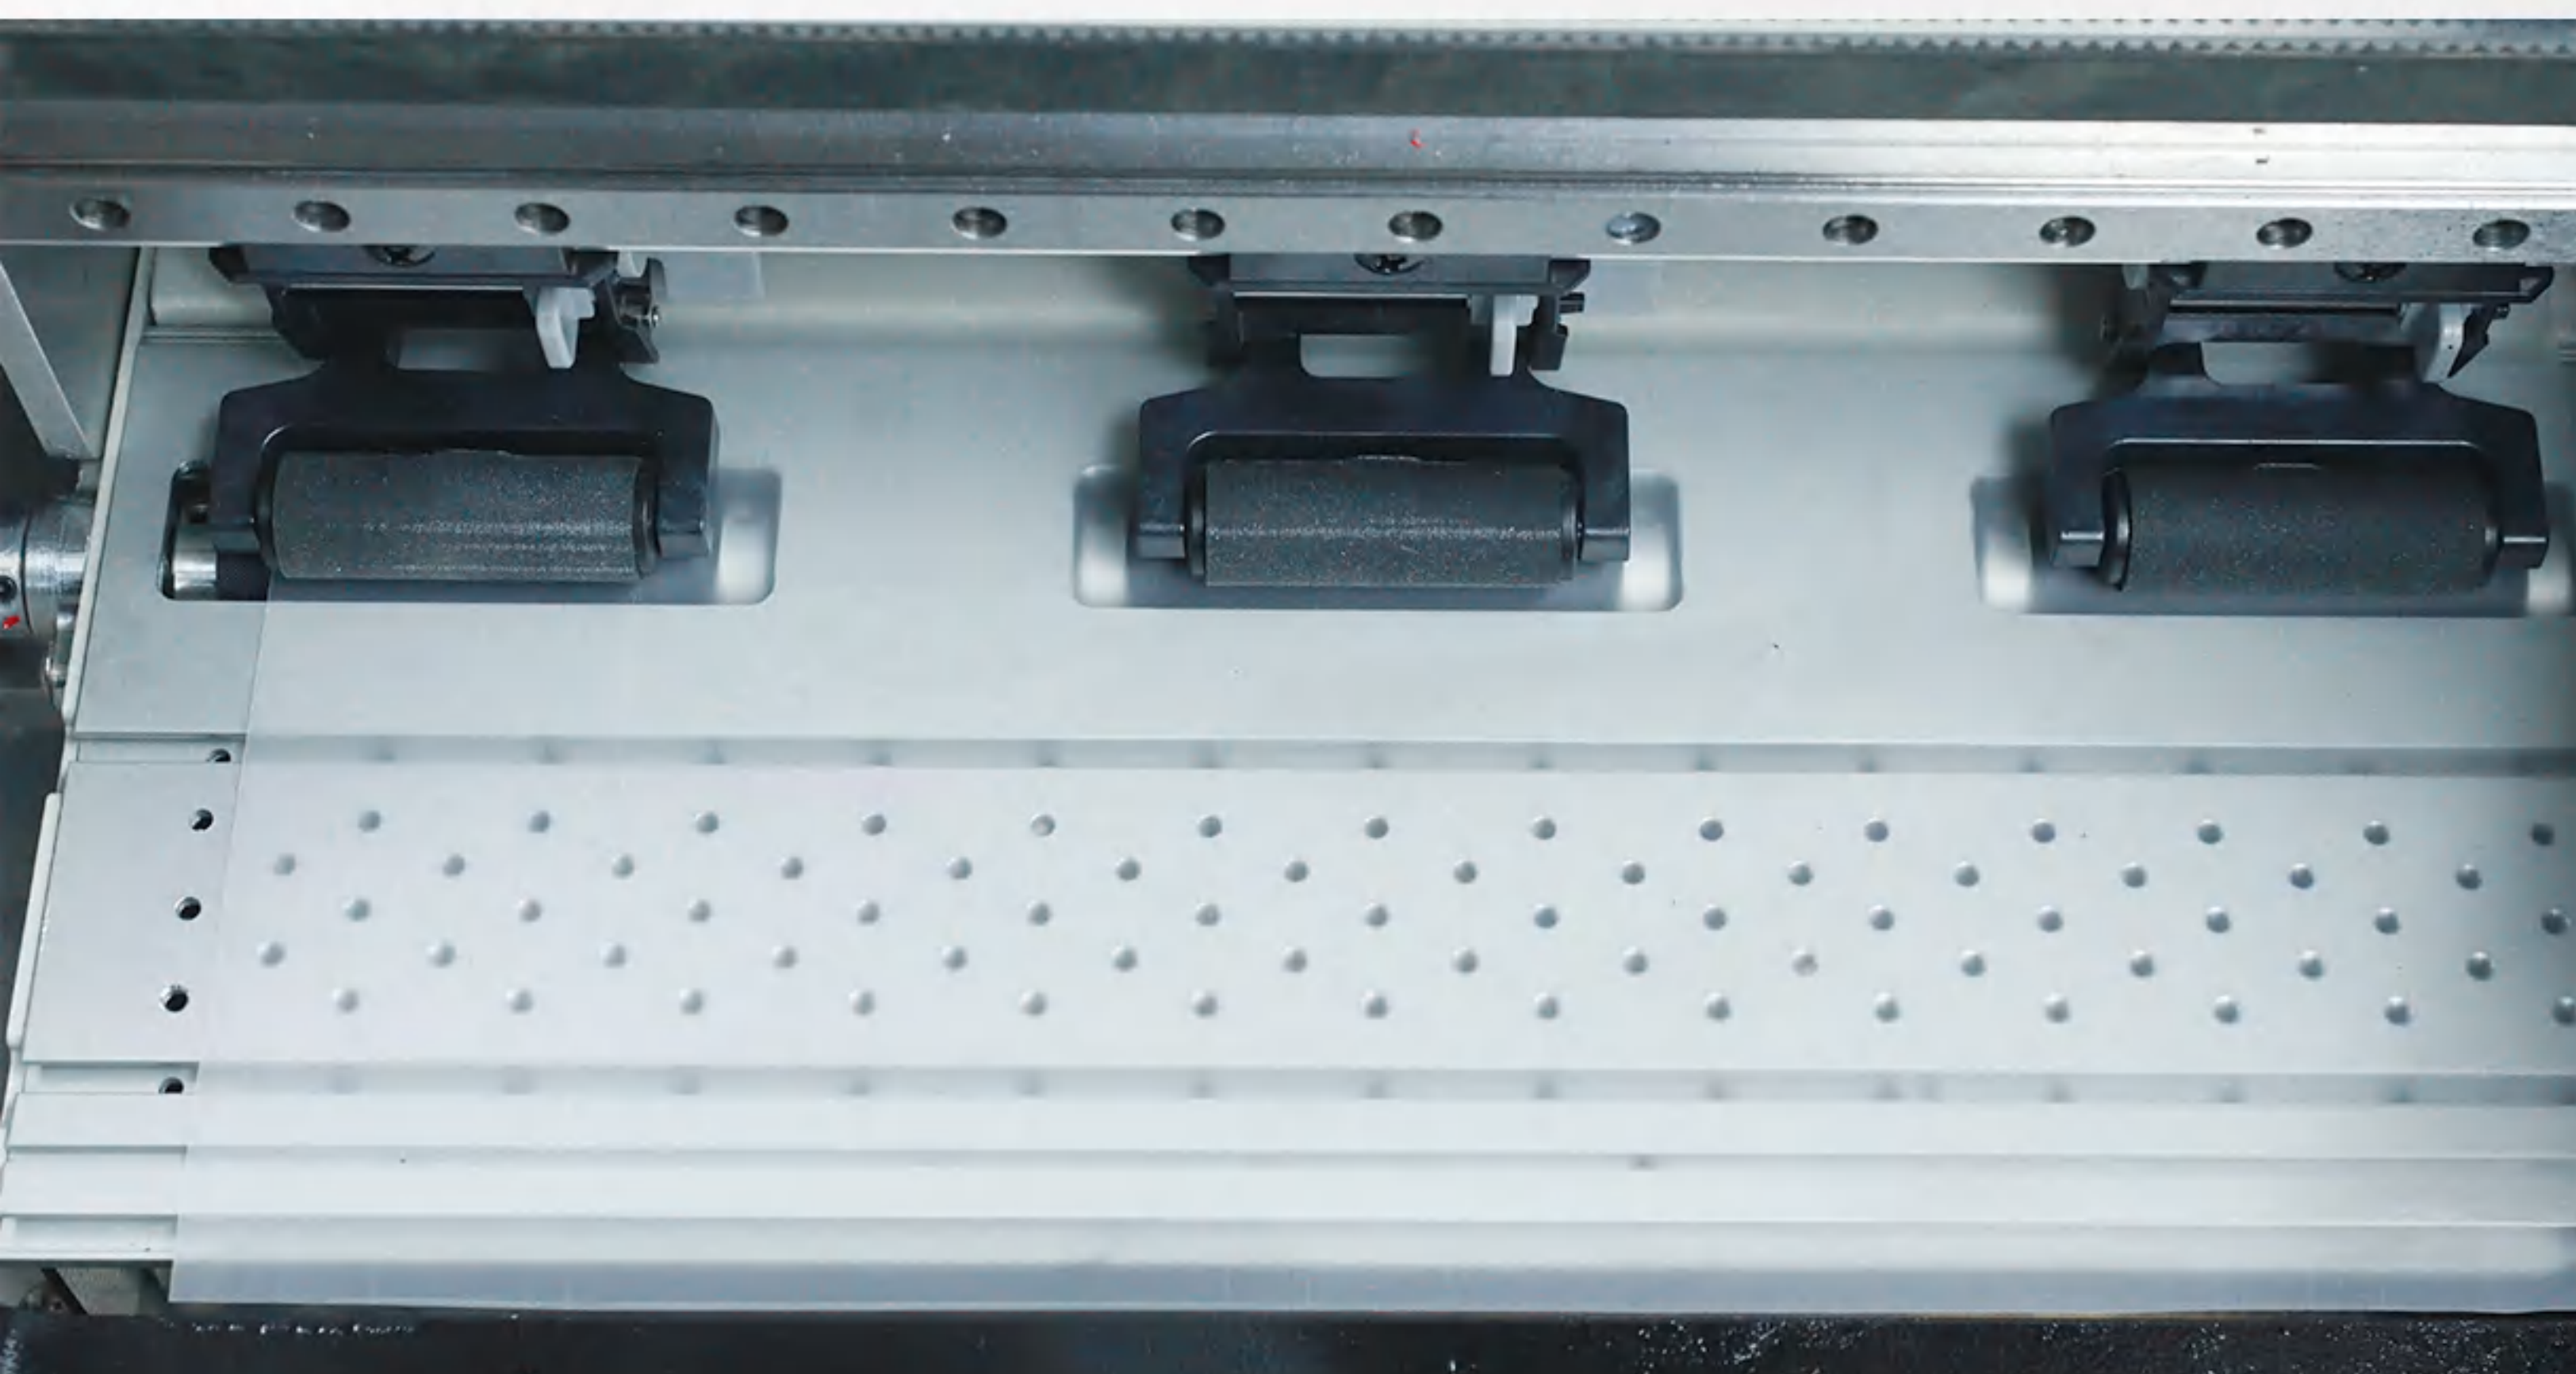

3- Independently adjustable press roller

Each press roller can be independently adjusted for winding and pressure

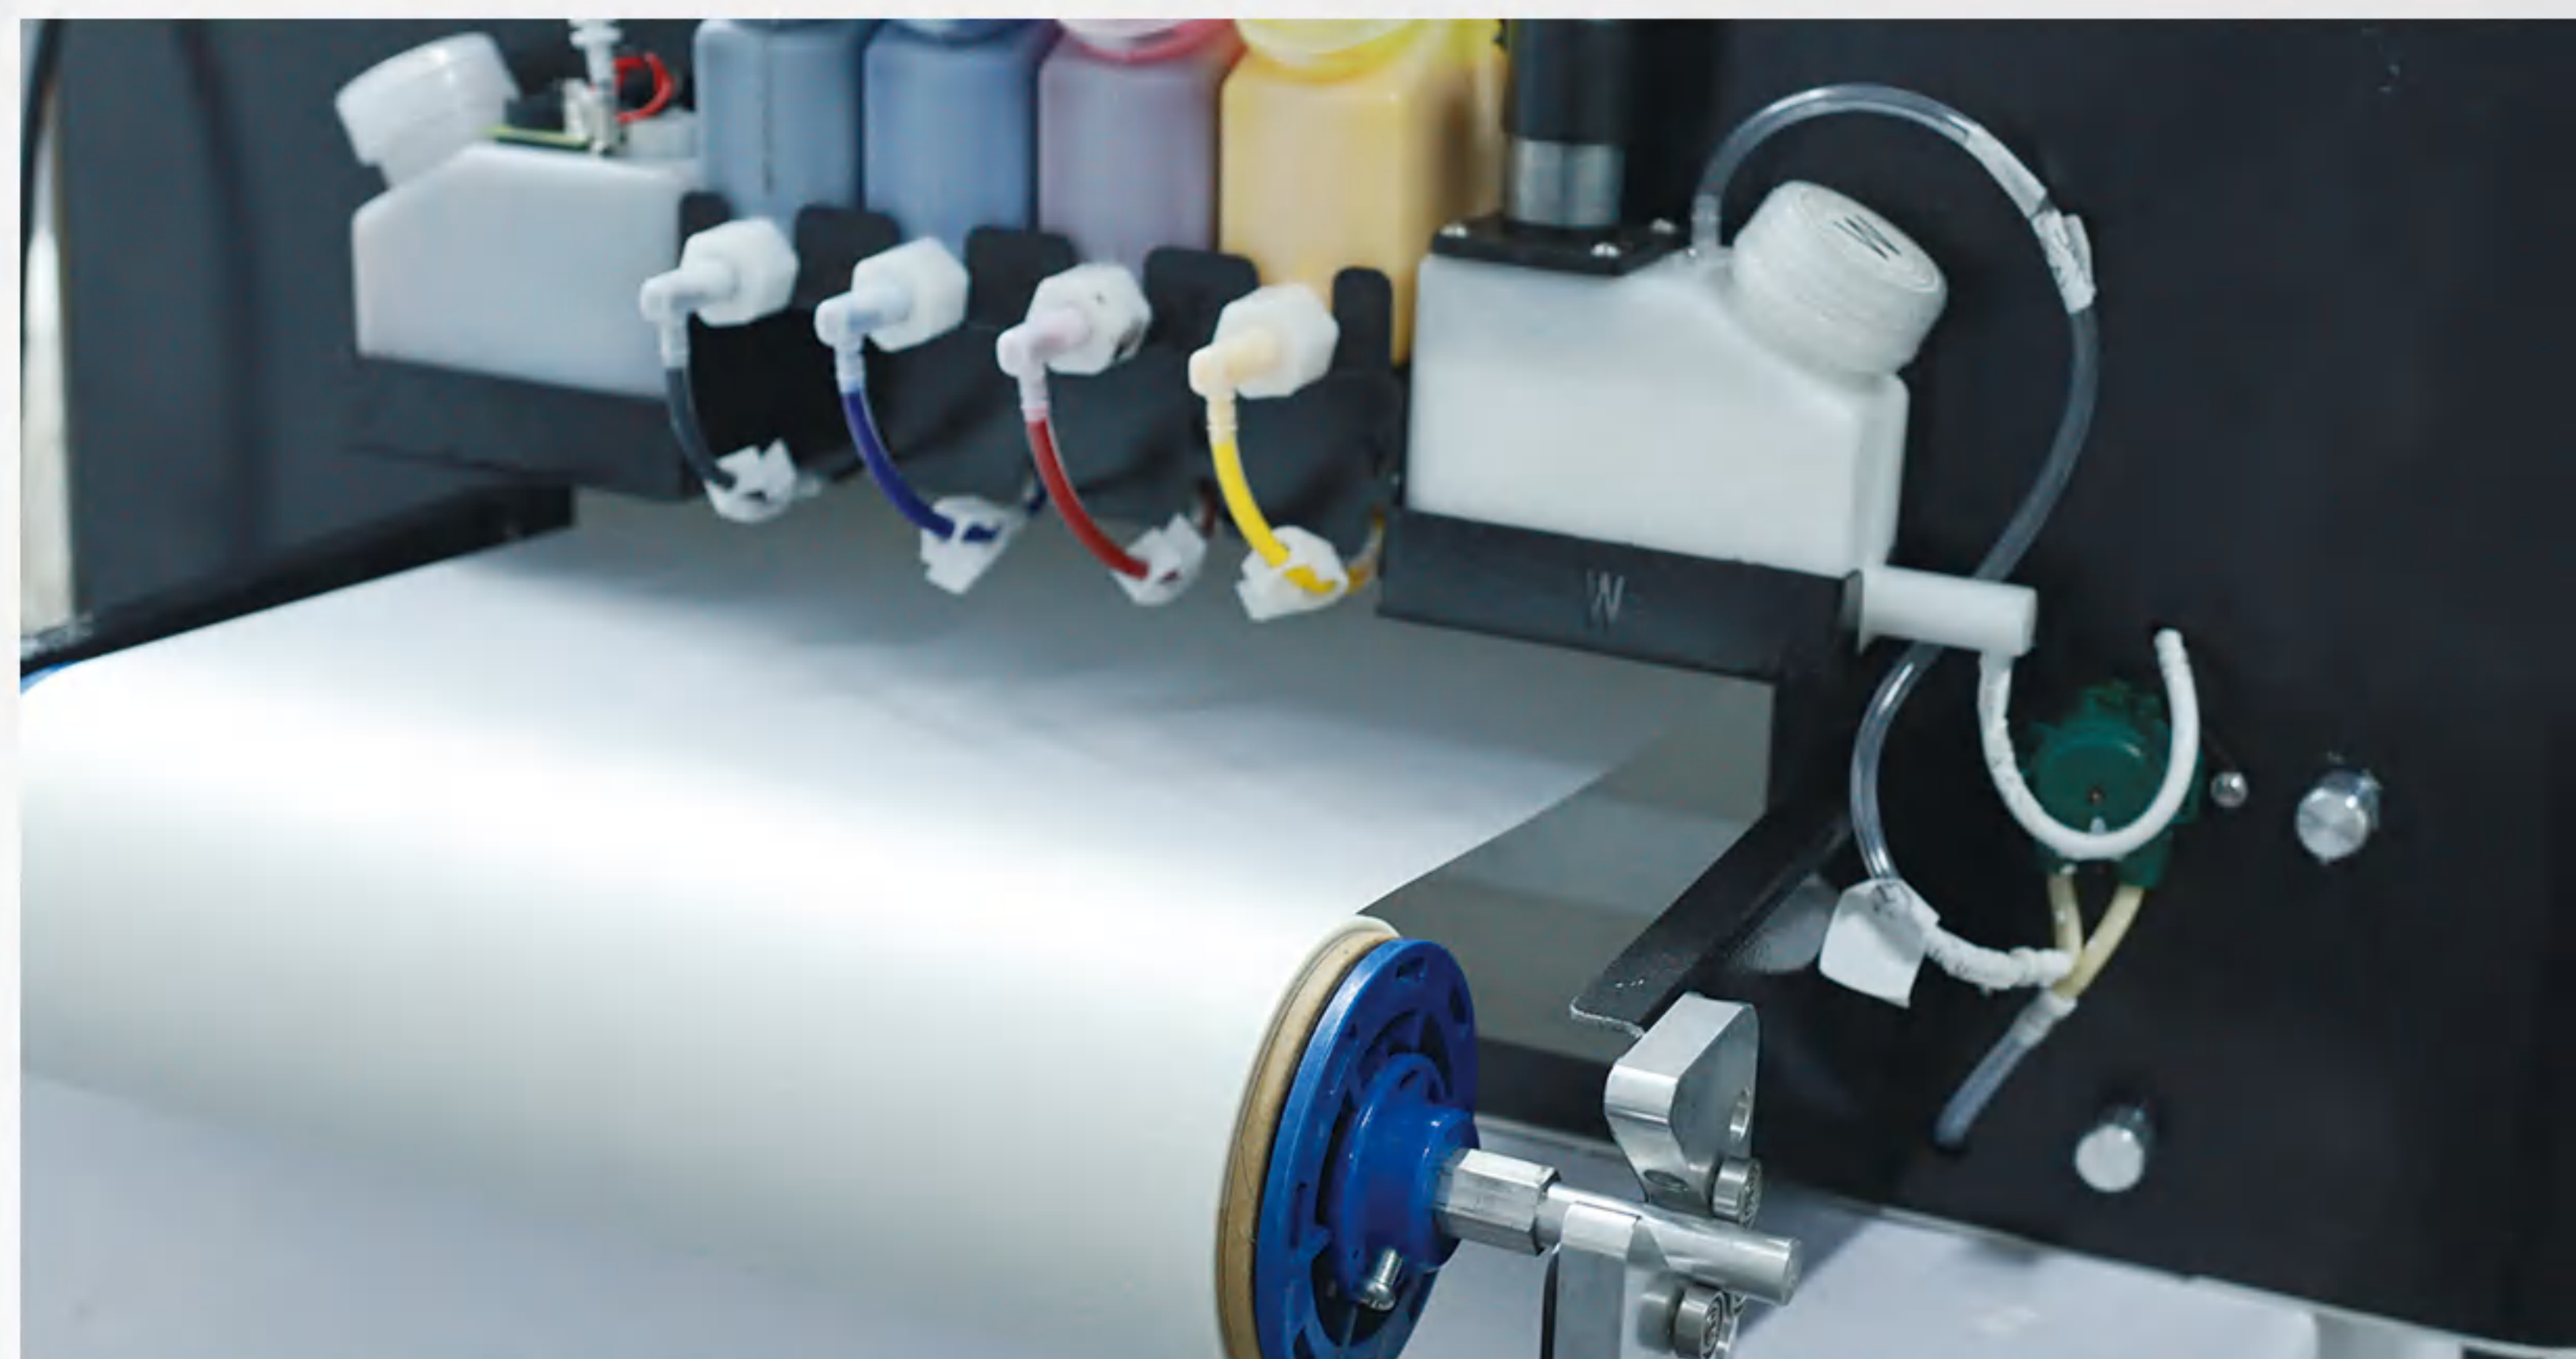

4- Ink stack height adjustment knob

The independent ink stack height adjustment knob can help you manually adjust the height of the ink stack for easy inspection and maintenance.

5- Suction Platform

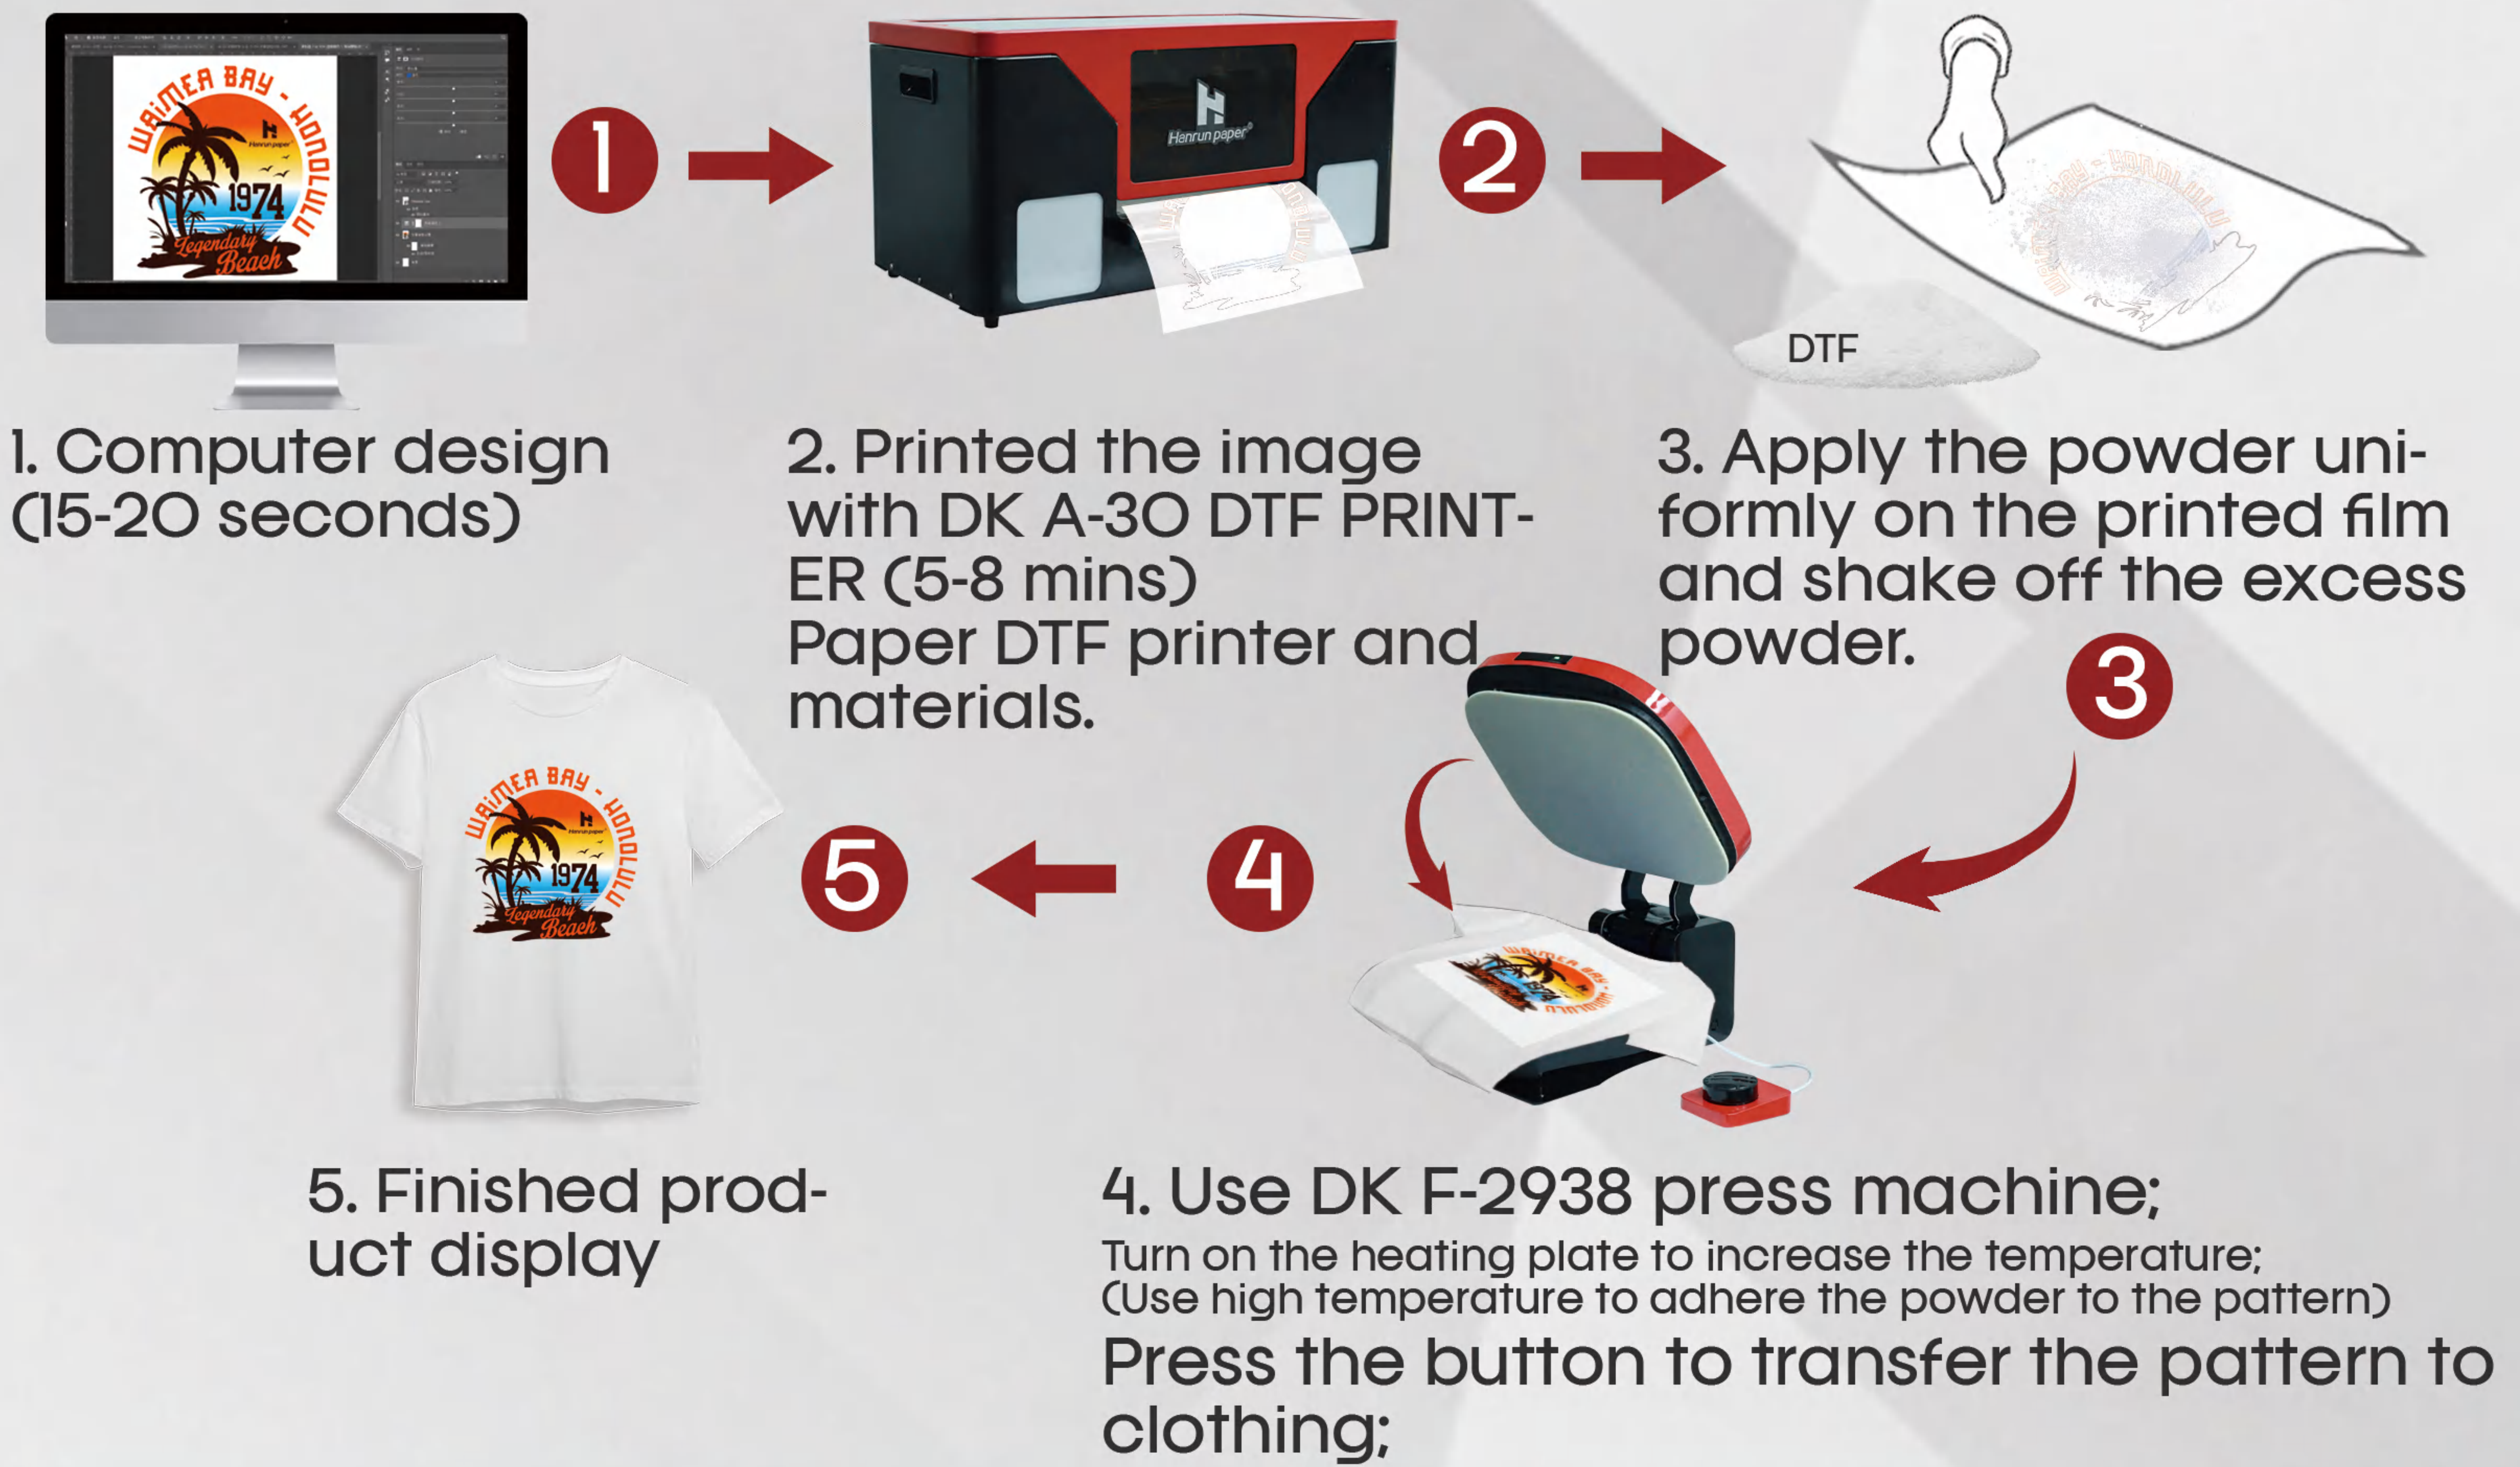

Prevent the printing film from curling

6- Support film rolls

Satisfy your printing demands for 30cm wide roll film printing

OPERATING PROCEDURES

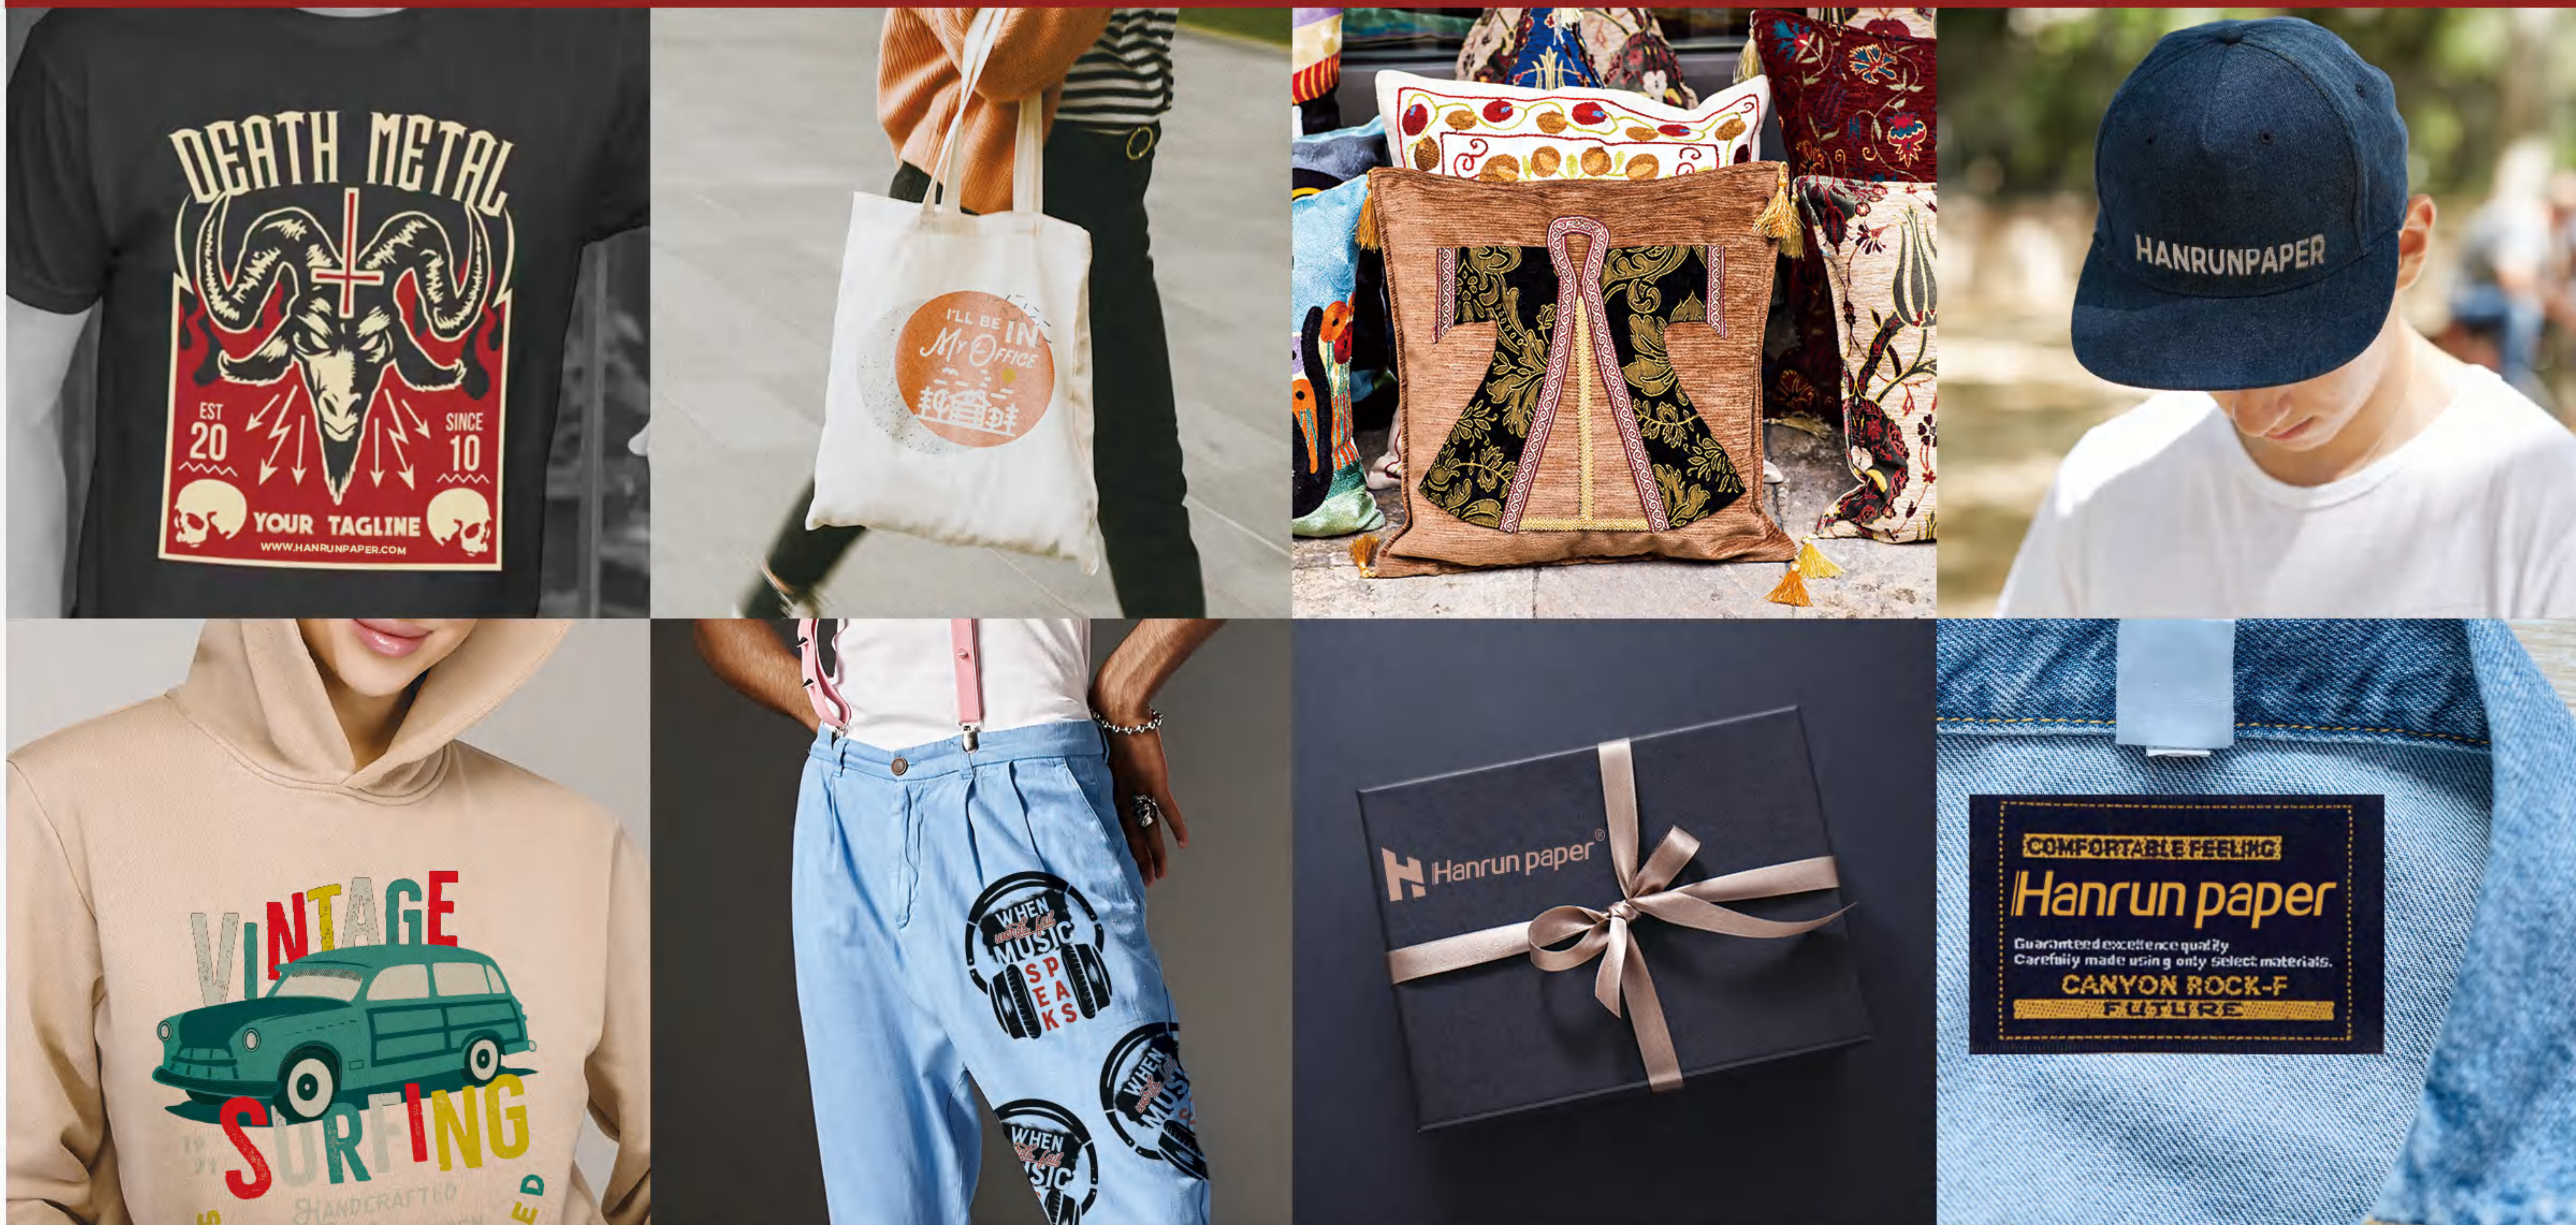

DK A-30 DTF PRINTER PARAMETERS

Printer Model	DK A-30
Print Head	1 XP600
Print Resolution/Speed	4pass: 2.5 m ² /h 6pass: 1.6 m ² /h 8pass: 1.2 m ² /h
Ink	DTF pigment ink (CMYK+W)
RIP software	Maintop / Cadlink / PP
Printing interface	TCP/IP
Printing Width	300mm
Print media	DTF film
Voltage	AC110V / 220V 50HZ/60HZ
Working environment	Temperature: 20-35°C, Humidity:35%-65%
Power	200W
Printer size	720(L)*365(W)*350(H)mm 35KG
Packing size/Weight	810(L)*490(W)*510(H)mm 47.5KG
Functional item	Shake powder control/ Powder amount control/Temperature control

DK F-2938 HEAT PRESS MACHINE PARAMETERS

Printer Model	DK F-2938
Heating method	Heating coil
Power	800W±10%
Rated voltage/frequency	220V-50Hz
Rated voltage/frequency	110V-50-60Hz
Heating plate size	290mmx380mm
Temperature range	40°C-205°C(104°F-401°F)
Gross weight	17.5KG
Outer box size	L575xW475xH270mm
Outer box volume	0.074 cube
